

MEET OUR NEW “COMING SOON” ADDITION TO THE RANGE...

You're going to love this one.

It's smart, it's sustainable, and it's about to become everyone's new everyday essential.

It may not look like it... But this is a bag — the first truly smart & sustainable alternative to single-use bags. It folds down like magic to the size of a stylish credit card, yet opens up to carry up to 50 lbs / 20 litres with total ease.

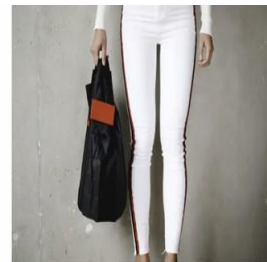

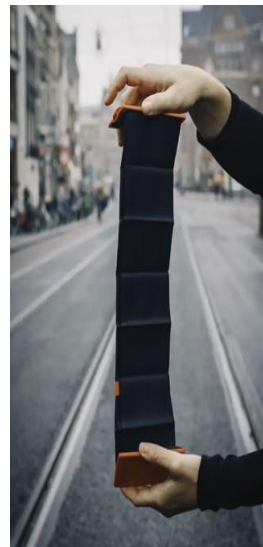

Made from recyclable, durable fabric, it's designed for people who want convenience without compromise.

Small in size. Huge in impact.

And coming soon to our range.

Available colour : Black & Red
