

4837-BK Smart Activity Watch

This fashionable must have Smart Activity Watch can be worn all day and night to help you achieve a healthy lifestyle. It tracks your steps, calories burned, distance covered and time and monitors your sleep, heart rate and blood pressure. The larger display makes it easy to check your stats and reminders during the day and the APP provides you even more insight into your lifestyle and health. The perfect corporate incentive to promote a healthy lifestyle.
