

7220-GY Valenta Snap AirTag

Apple's AirTag is an easy way to track and locate your important items if you've lost them. With the leather Valenta AirTag case you can attach the AirTag with the sturdy carabiner to your keys, your backpack or in your handbag near your wallet. You can then track your valuables in the Find My app, which also helps you locate your other Apple devices and keep in touch with friends and family. The AirTag case from Valenta has a sleek design. You simply slide the AirTag into the pre-shaped holder on the front, so that it fits perfectly and always stays in place.

FEATURES

Genuine leather - Carabiner for fastening - Functional - Protects all sides and back - AirTag pendant personalised with initials - -
