

Incredibly small, pocket-sized wireless speaker, **now made from recycled ocean plastic and available in ocean-inspired colours.** The enhanced 3W speaker seriously packs a punch! It still features BoomPods' signature simple multi-function button, allowing you to take calls, operate your phone's camera for selfies, and pause your music on the go. Immerse yourself in true stereo sound by pairing two together. And of course, it's IPX6 water-resistant and drop-tested. Small enough to go on any adventure, it reduces your environmental footprint while making a positive impact.

# ZERO

impossibly small big sound eco-friendly speaker
